

## Ring Sizer

1. Print this page and measure the line to ensure you have printed at 100% size.

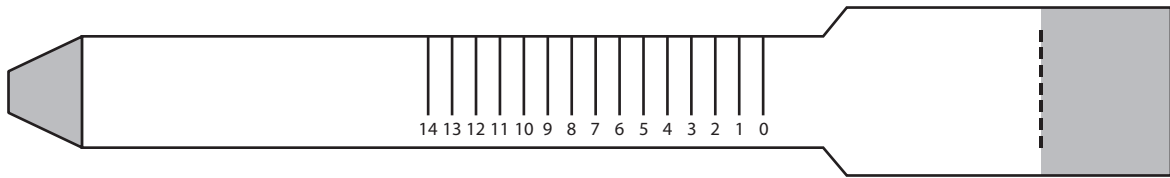

This line is 5 cm  
Use to check correct print size

2. Cut out the ring sizer tool and delicately cut along the dotted line.

This line is 3 inches  
Use to check correct print size

3. Place the paper tool around your finger with the numbers face up and facing you. Gently pull the end through the slot, tightening as much as possible around your finger. It will probably cover part of your knuckle which will more accurate reading. Read the number lined up to the left of the slot. If you have any doubts choose a half size higher.

Cut slit along dashed line

## Ring Size Chart

Place an existing ring on the following circles. Only focus on the INSIDE of the ring. You have found the right size when your ring overlaps the black line but you can still see it. You can also measure the inside diameter of the ring and match it to the chart.

Size 3 14.1 mm	Size 3.5 14.5 mm	Size 4 14.9 mm	Size 4.5 15.3 mm	Size 5 15.7 mm	Size 5.5 16.1 mm	Size 6 16.5 mm	Size 6.5 16.9 mm
Size 7 17.3 mm	Size 7.5 17.7 mm	Size 8 18.1 mm	Size 8.5 18.5 mm	Size 9 19.0 mm	Size 9.5 19.4 mm	Size 10 19.8 mm	
Size 10.5 20.2 mm	Size 11 20.6 mm	Size 11.5 21.0 mm	Size 12 21.4 mm	Size 12.5 21.8 mm	Size 13 22.2 mm	Size 13.5 22.6 mm
